## PREFACE

A search engine says:

### **What does a dog wagging tail mean?**

A wagging tail is a form of **dog communication**. Dogs wag their tails to tell us something about how they're feeling, just as they do with other forms of body language. But do you know what canine tail wagging really means? Dogs wag their tail to communicate with humans and other animals.

### **Fly Ash: A Powerful Resource for Enhancing Concrete Strength**

Fly ash is a fine, powdery byproduct produced during the combustion of pulverized coal in thermal power plants. Composed primarily of silica, alumina, and iron oxide, it is collected from the flue gases using electrostatic precipitators or bag filters. As a pozzolanic material, fly ash reacts with calcium hydroxide in the presence of water to form cementitious compounds, making it a valuable additive in concrete and cement production. Its use enhances workability, durability, and strength while reducing permeability and heat generation in concrete structures.

Additionally, fly ash contributes to sustainable construction by recycling industrial waste and lowering carbon emissions associated with cement manufacturing. It is also utilized in soil stabilization, road base construction, and landfill applications, showcasing its versatility in engineering and environmental projects. Proper management of fly ash is essential to prevent environmental contamination, as it may contain trace heavy metals.

### CLARIFICATION OF DUE JUDICIAL PROCESS

The injustices within which I have battled seems to have run into a brick wall of silence. If the Supreme Court will not acknowledge receipt of my submissions, that very fact needs to be appealed to the Judicial Committee of the Privy Council - refer to:

[https://archive.org/details/appeal-process-begins-digital\\_20250622](https://archive.org/details/appeal-process-begins-digital_20250622)

The State's due process within the structure of the Justice System must be continuous or criminals will step in to persecute as has happened below today.

A transcript of a video update is a written version of everything said in the video. It helps viewers read along, understand the message better, and makes the content accessible for people with hearing difficulties. Transcripts are also useful for search engines and easier content sharing.

Many people use tools like youtube to mp3 and mp3 youtube to download the audio from video updates. This lets them listen offline later, especially when they don't have time to watch the full video.

I am writing to obtain an up-to-date report on the persecution that I have been victimised with by the Monarchical Establishment of the United Kingdom as alluded to in the attached draft forward to the eBook, WAGGING TAIL OF THE EMPIRE-digital.com. This follows the below destructive activity that I tried my level best to make the perpetrators see sense on:

**A search engine says:**

### **What does a dog wagging tail mean?**

A wagging tail is a form of **dog communication**. Dogs wag their tails to tell us something about how they're feeling, just as they do with other forms of body language. But do you know what canine tail wagging really means? Dogs wag their tail to communicate with humans and other animals.

### **Fly Ash: A Powerful Resource for Enhancing Concrete Strength**

Fly ash is a fine, powdery byproduct produced during the combustion of pulverized coal in thermal power plants. Composed primarily of silica, alumina, and iron oxide, it is collected from the flue gases using electrostatic precipitators or bag filters. As a pozzolanic material, fly ash reacts with calcium hydroxide in the presence of water to form cementitious compounds, making it a valuable additive in concrete and cement production. Its use enhances workability, durability, and strength while reducing permeability and heat generation in concrete structures.

Additionally, fly ash contributes to sustainable construction by recycling industrial waste and lowering carbon emissions associated with cement manufacturing. It is also utilized in soil stabilization, road base construction, and landfill applications, showcasing its versatility in engineering and environmental projects. Proper management of fly ash is essential to prevent environmental contamination, as it may contain trace heavy metals.

### CLARIFICATION OF DUE JUDICIAL PROCESS

The injustices within which I have battled seems to have run into a brick wall of silence. If the Supreme Court will not acknowledge receipt of my submissions, that very fact needs to be appealed to the Judicial Committee of the Privy Council - refer to:

[https://archive.org/details/appeal-process-begins-digital\\_20250622](https://archive.org/details/appeal-process-begins-digital_20250622)

The State's due process within the structure of the Justice System must be continuous or criminals will step in to persecute as has happened below today.

A transcript of a video update is a written version of everything said in the video. It helps viewers read along, understand the message better, and makes the content accessible for people with hearing difficulties. Transcripts are also useful for search engines and easier content sharing.

Many people use tools like youtube to mp3 and mp3 youtube to download the audio from video updates. This lets them listen offline later, especially when they don't have time to watch the full video.

## RECORD OF SUBMISSION TO THE JUDICIAL COMMITTEE OF THE PRIVY COUNCIL MADE ON 20 JUNE 2025

The screenshot shows the top of the UKSC website. At the top left is the UKSC crest. To its right is a search bar with the text "ENHANCED BY Google" and a magnifying glass icon. Further right is a "Visit UKSC" button with the UKSC crest and a moon icon for dark mode. Below this is a dark teal navigation bar with links: Cases, Portal, About the JCPC, The Justices, How to Appeal, Visit the JCPC, Education, News, and Shop. Below the navigation bar is a breadcrumb trail: Home > Contact Us. The main content area has a white background with a large heading "General enquiry or feedback sent" and a subheading "Thank you for submitting a general enquiry or feedback. A member of our team will contact you within 10 working days." At the bottom is a dark teal footer bar with links: Website Information, Working for Us, Contact Us, Press office, and Cymraeg.

Dear Richard Battersby

Thank you for your interest in following up my complaint against Kent Police that went unacknowledged. The complaint is self-explanatory through the attached listing of chargesheet: Particulars of Damages and Compensation J00ME572 at Medway County Court in Dr Shantanu Panigrahi v Kent Police23May2025.pdf.

Yours sincerely

Case Reference: IC-396831-C3V3

Dear Shantanu Panigrahi

Thank you for your complaint to the Information Commissioner's Office regarding Kent Police.

As an independent regulator our aim is to improve the information rights practices of organisations. We do this by taking an overview of all the concerns that are raised about organisations with a view to improving their compliance with the UK General Data Protection Regulation (UK GDPR).

The law says we must investigate data protection complaints to an appropriate extent. We will put most of our effort into dealing with matters we think give us the best opportunity to make a significant difference to an organisation's information rights practices.

Depending on the circumstances, we will decide whether to take action against the organisation and what form our action will take. We do this by taking an overview of all concerns that are raised about that organisation with a view to improving their compliance with the data protection framework. Our decision will not affect your ability to enforce your rights through the courts.

In order for us to be able to progress a complaint we need to have evidence of the data protection issue and also evidence to show that you have already raised your complaint formally with the organisation and you have exhausted their complaints procedure.

Without this we are unable to proceed with the complaint. We also require copies of any acknowledgment / response from the organisation. In many instances, when an organisation is made aware of a problem they will be able to resolve it satisfactorily. It is also important that the organisation has the opportunity to put things right for themselves before we become involved.

If you have not yet complained to Kent Police and outlined your concerns about the way they have handled this matter, there is guidance and a template letter on our website which you may find helpful.

Once you have raised the matter formally if you remain dissatisfied you can make a new complaint to the ICO.

If you are seeking personal redress or compensation for the way an organisation has dealt with your personal information, you will need to pursue this independently through the courts or with an industry's own ombudsman or regulatory body.

Please be advised that this is not a process that the ICO can assist you with. We therefore recommend that you seek independent legal advice if you wish to pursue this course of action.

Yours sincerely

A search engine says:

**What does a dog wagging tail mean?**

A wagging tail is a form of **dog communication**. Dogs wag their tails to tell us something about how they're feeling, just as they do with other forms of body language. But do you know what canine tail wagging really means? Dogs wag their tail to communicate with humans and other animals.

We Hindus have a very ancient civilisation: The 'Everlasting Monarchy' of the United Kingdom is now finding out what the that is. This is the title that I have come up with for my next chapter of the eBook: The Allurement of Reality: WAGGING TAIL OF THE EMPIRE-digital attached. If you want we can discuss this theme as I proceed. Yes?

Fly Ash: A Powerful Resource for Enhancing Concrete Strength

Fly ash is a fine, powdery byproduct produced during the combustion of pulverized coal in thermal power plants. Composed primarily of silica, alumina, and iron oxide, it is collected from the flue gases using electrostatic precipitators or bag filters. As a pozzolanic material, fly ash reacts with calcium hydroxide in the presence of water to form cementitious compounds, making it a valuable additive in concrete and cement production. Its use enhances workability, durability, and strength while reducing permeability and heat generation in concrete structures.

Additionally, fly ash contributes to sustainable construction by recycling industrial waste and lowering carbon emissions associated with cement manufacturing. It is also utilized in soil stabilization, road base construction, and landfill applications, showcasing its versatility in engineering and environmental projects. Proper management of fly ash is essential to prevent environmental contamination, as it may contain trace heavy metals.

### **CLARIFICATION OF DUE JUDICIAL PROCESS**

The injustices within which I have battled seems to have run into a brick wall of silence. If the Supreme Court will not acknowledge receipt of my submissions, that very fact needs to be appealed to the Judicial Committee of the Privy Council - refer to:

[https://archive.org/details/appeal-process-begins-digital\\_20250622](https://archive.org/details/appeal-process-begins-digital_20250622)

The State's due process within the structure of the Justice System must be continuous or criminals will step in to persecute as has happened below today.

A transcript of a video update is a written version of everything said in the video. It helps viewers  
 read along, understand the message better, and makes the content accessible for people with  
 hearing difficulties. Transcripts are also useful for search engines and easier content sharing.

Many people use tools like youtube to mp3 and mp3 youtube to download the audio from video  
 updates. This lets them listen offline later, especially when they don't have time to watch the full  
 video.

Case Reference: IC-396831-C3V3

Dear Shantanu Panigrahi

Thank you for your complaint to the Information Commissioner's Office regarding Kent Police.

As an independent regulator our aim is to improve the information rights practices of organisations. We do this by taking an overview of all the concerns that are raised about organisations with a view to improving their compliance with the UK General Data Protection Regulation (UK GDPR).

The law says we must investigate data protection complaints to an appropriate extent. We will put most of our effort into dealing with matters we think give us the best opportunity to make a significant difference to an organisation's information rights practices.

Depending on the circumstances, we will decide whether to take action against the organisation and what form our action will take. We do this by taking an overview of all concerns that are raised about that organisation with a view to improving their compliance with the data protection framework. Our decision will not affect your ability to enforce your rights through the courts.

In order for us to be able to progress a complaint we need to have evidence of the data protection issue and also evidence to show that you have already raised your complaint formally with the organisation and you have exhausted their complaints procedure.

Without this we are unable to proceed with the complaint. We also require copies of any acknowledgment / response from the organisation. In many instances, when an organisation is made aware of a problem they will be able to resolve it satisfactorily. It is also important that the organisation has the opportunity to put things right for themselves before we become involved.

If you have not yet complained to Kent Police and outlined your concerns about the way they have handled this matter, there is guidance and a template letter on our website which you may find helpful.

Once you have raised the matter formally if you remain dissatisfied you can make a new complaint to the ICO.

If you are seeking personal redress or compensation for the way an organisation has dealt with your personal information, you will need to pursue this independently through the courts or with an industry's own ombudsman or regulatory body.

Please be advised that this is not a process that the ICO can assist you with. We therefore recommend that you seek independent legal advice if you wish to pursue this course of action.

Yours sincerely

Digital Marketing: Connecting Brands with the Online World  
 in Questions & Answers

<https://www.knowledgeassessmentanddissemination.com/forum/questions-answers/digital-marketing-connecting-brands-with-the-online-world>

Digital marketing is the practice of promoting products or services using digital channels such as websites, social media, email, and search engines. It has become essential for businesses in today's internet-driven world.

Unlike traditional marketing, digital marketing allows for real-time engagement, targeted advertising, and measurable results. Common strategies include search engine optimization (SEO), content marketing, pay-per-click (PPC) ads, and social media promotion.

With more people spending time online, digital marketing helps businesses reach wider audiences, build stronger customer relationships, and grow efficiently in the digital age.

**Top 10 Styles of False Flooring in Dubai: A Designer's Journey Through Innovation and Aesthetics** Explore the top 10 styles of false flooring in Dubai through a designer's personal experience. Learn how false flooring in Dubai adds style, flexibility, and smart solutions to interiors across the city.

**Introduction: My First Encounter with False Flooring in Dubai**

When I first moved to Dubai as an interior designer, I was stunned by the sleek, modern interiors of commercial spaces, luxury homes, and tech hubs. It didn't take long before I discovered the hidden genius behind many of these spaces: false flooring in Dubai.

It all began with a corporate office makeover. The client wanted a clean aesthetic, easy maintenance, and modular utility for future upgrades. That's when I recommended false flooring Dubai style. What followed was a deep dive into the vast world of raised access flooring systems. Over the years, I have worked with various styles of false flooring in Dubai, and today I'm sharing the top 10, each with its unique features, functions, and charm.

Let's explore them together.

#### 1. Raised Access Flooring (Modular Tile Style)

This is the most common style you'll see in offices and server rooms. Composed of modular panels—usually steel or concrete-core—they are laid over adjustable pedestals.

**Why I Recommend It:** It allows for easy access to electrical and data cabling, which is ideal for evolving workspaces.

**Best Use:** Commercial spaces, IT rooms, control centers.

#### 2. Woodcore False Flooring

One of my clients wanted warmth without compromising utility. That's when I suggested woodcore panels. They consist of high-density particle boards with galvanized steel sheets.

**Benefits:**

- Sound insulation

- Eco-friendly appeal

- Strong loading capacity

**Best For:** Luxury offices and executive boardrooms in Dubai.

#### 3. Calcium Sulphate Flooring

Durability meets sustainability here. These panels are heavy-duty and made from recycled materials. When I installed this style for a green-certified hotel project, it ticked every box.

**Advantages:**

- Fire resistance

Environmentally conscious

Low VOC emission

Ideal Spaces: Eco-friendly corporate buildings and healthcare environments.

#### 4. Aluminum Panel Flooring

This style combines lightweight construction with corrosion resistance. I used aluminum panels in a high-rise project where weight management was a key factor.

Key Features:

Non-magnetic

Rust-free

Recyclable

Best Use Case: High-tech environments and cleanrooms in Dubai's tech corridors.

#### 5. Perforated False Flooring Panels

Ventilation was crucial in a server farm project I led. That's when I turned to perforated panels to maintain airflow. These panels have holes that allow air to circulate efficiently beneath the floor.

Benefits Include:

Temperature regulation

Compatible with HVAC systems

Recommended For: Data centers, server rooms, telecom hubs.

#### 6. Anti-Static Flooring

During a medical lab renovation, I had to consider electrostatic discharge. Anti-static false flooring in Dubai is engineered to protect sensitive equipment and personnel.

Features:

Safe for electronic environments

Special surface coating

Meets international ESD standards

Top Locations: Laboratories, electronics manufacturing units, operation theaters.

#### 7. Vinyl-Clad False Flooring

Aesthetics meet durability here. Vinyl-clad panels offer a wide range of colors, patterns, and textures. I used this in a creative agency's office for a vibrant, modern look.

#### Why Clients Love It:

Easy to clean

Stylish finishes

Comfortable underfoot

Where to Use: Design studios, classrooms, hospitality lounges.

#### 8. Granite or Marble-Finish False Flooring

High-end clients often want a touch of opulence. Granite or marble-finish false flooring Dubai systems provide just that—with the added advantage of functionality.

#### Benefits:

Premium appearance

Scratch-resistant surfaces

Long lifespan

Ideal Locations: Luxury villas, upscale hotels, reception areas.

#### 9. Glass False Flooring

For modern interiors that make a statement, glass flooring creates transparency and drama. I installed this in a museum exhibition space, and the result was stunning.

#### Advantages:

Unique aesthetic appeal

Custom tinting available

Toughened safety glass

Best Fit: Museums, high-end showrooms, artistic spaces.

#### 10. Magnetic False Flooring

This is one of the newer styles I recently explored. Magnetic tiles snap onto a steel framework, making them easy to replace or rearrange.

#### Why It Works:

Quick installations

Cost-effective

Ideal for temporary setups

Most Suitable For: Pop-up offices, retail displays, short-term exhibitions.

## Conclusion: Choosing the Right False Flooring Style in Dubai

Choosing the right false flooring in Dubai is more than a design decision—it's about functionality, future planning, and environment-specific needs. Having walked this path as an interior designer, I've come to appreciate the immense versatility and value that false flooring Dubai brings to spaces of every kind.

Each style listed above has its place. Whether you're setting up a dynamic tech office, designing a minimalist studio, or revamping a luxury space, the right false flooring in Dubai can transform not just the aesthetics, but the entire functionality of a space.

### Final Thoughts: My Advice to New Designers

If you're new to interior design in the region or a homeowner exploring remodeling ideas, start with understanding your space's purpose. Then, match it with the right flooring style. Don't be afraid to mix practicality with elegance. In my journey through Dubai's design landscape, false flooring Dubai has consistently proven itself as a forward-thinking, stylish, and highly customizable flooring solution.

And as always, consult with a professional to ensure your flooring meets both your current and future needs.

Hi Shantanu,

My name is Shawn Murphy from the member support team. I'll be assisting you today.

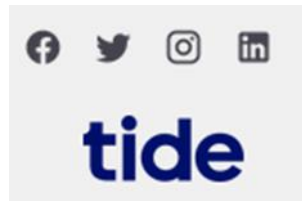

Thank you for your cooperation. I am afraid Tide wouldn't be able to assist you directly at this stage.

Best Regards,  
Shawn Murphy.

Hi Shantanu,

I'm Veronica – thank you for your message.

My colleague knows you're waiting for an update and is doing their best to get back to you.

I'll tell them you reached out, and they'll reply in your original chat as soon as possible. To avoid confusion, I'll close this chat.

Best Wishes,

Veronica

Dear Electoral Commission

The Commission has made mistakes in the past and instead of rectifying those so that the matter can be quickly determined, further duplicitous and deceitful actions have emerged into my email box.

I am very concerned about this and wish to draw your attention to the details for immediate acknowledgement to me: <https://www.theconservativelibertariansociety.com/post/prospects-for-resolution-of-a-conundrum>

How do I Cancel Amazon Music? Your Step-by-Step Guide  
in General Discussion

<https://www.theconservativelibertariansociety.com/forum/general-discussion/how-do-i-cancel-amazon-music-your-step-by-step-guide>

Cancelling Amazon Music is a simple process. You do not need to have a technical background to follow the steps.

Read the following instructions on how do I cancel Amazon Music. By the end, we hope all your doubts will be crystal clear.

Open Amazon Music on your device.

Then, navigate to Your Amazon Music Settings.

Move towards the Amazon Music Unlimited section.

Choose the Cancel option within the Monthly Notification information.

Note: Instead of canceling your monthly subscription, you can choose to pause it if your plan is eligible. The pause will take effect at the conclusion of the billing cycle. You have the option to reactivate your subscription at any point during the interruption, or it will automatically resume.

If a user has any one of the following, he/she can't pause their subscription:

Annual plan

A promotion

A free trial

He/she has taken a plan from a mobile service provider, Apple, or the Google Play Store.

Confirm to cancel.

Amazon Music Unlimited is easily accessible to users till the conclusion of their plan. After that, the application will:

Disable the visibility of your Amazon Music podcasts and unlimited songs in your library.

Disable the Playback option.

To cancel Amazon Music, go to your Amazon account, click on "Memberships & Subscriptions," find Amazon Music, and select "Cancel." Follow the steps to confirm. It's quick and easy.
